Seminar on Intellectual Property Rights (IPR)

A seminar on IPR was organized by the Krupanidhi Group Of Institutions on April 05, 2018 in the college auditorium. Prof. Nirmal Bharadwaj was the resource person. He gave a brief introduction on IPR and explained the various related terms such as copy rights, patents etc.

Introduction

Intellectual property is a category of property that includes intangible creations of the human intellect, and primarily encompasses copyrights, patents, and trademarks. It also includes other types of rights, such as trade secrets, publicity rights, moral rights, and rights against unfair competition. Artistic works like music and literature, as well as some discoveries, inventions, words, phrases, symbols, and designs can all be protected as intellectual property.

The main purpose of intellectual property law is to encourage the creation of a wide variety of intellectual goods. Intellectual property rights refers to the general term for the assignment of property rights through patents, copy rights and trade marks. These property rights allow the holder to exercise a monopoly on the use of the item for a specified period.

Major Intellectual Property Copyright

Copyright is a legal term describing rights given to creators on their literary and artistic works.
