Finishing School Program for Soft Skill Development

2018-2019

06.05.2019

Prof. Yashi Surana was invited to address the gathering in the Finishing School Program. With her all experiences she had the courage to speak few words about the personality development.

Personality can tell how a Person is and how a person is. Having this in mind Prof. Yashi Surana started to brief about the Personality and Personality Development. Personality is very important to every person to portray himself /herself as the best. Personality becomes very important which can put them into better positions.

Madam spoke about the personality development and helped students to understand better what is personality is and why is that so important especially for the students. Students from various streams got benefited and also understood about the development of the personality.

Madam put certain students into few activities on the thought of personality that each n every person has. Students interestingly took part in the activity.

Madam was so happy to teach the students something new as all the students were responding for everything that madam expected which we would call it as interacting.

Few more volunteers were called up to take part in the activity to show how personality is different from one person to another.

EVENT: Wall Magazine on Creative Writing

DATE: 6th August 2018

"Freedom and Opportunity gives birth to Creativity"

KGI boomed again with another event for the academic year 2018-2019 by giving an opportunity to all the students to give wings to their creativity. The entire event was under the guidance of the brilliant Convener Prof. Manisha Bhagoji with the support of the vibrant students and new heights were met. In the history of Krupanidhi Group of Institutions this was the first time ever such an immense size of Wall Magazine displayed. This event ignited the creativity of the students which blessed more confidence in all.

The poster included own creative writing in the form of poems, stories, reviews, and articles by the students. They also recreated the literature contents in their own perspectives and creativity. The poster was enriched by multilingual forms of creativity (English, Hindi, and Kannada).

KRUPANIDHI GROUP OF INSTITUTIONS

“Yoga embodies unity of mind and body; thought and action; restraint and fulfillment; harmony between man and nature; a holistic approach to health and well-being. It is not about exercise but to discover the sense of oneness with yourself, the world and the nature. By changing our lifestyle and creating consciousness, it can help us deal with climate change.”

-Indian Prime Minister Narendra Modi

International Yoga Day was celebrated on 21st June 2019 by the students and staffs at Krupanidhi Group of Institutions with great enthusiasm.

Dr. Pranab Das from Vivekananda Yoga University was the chief instructor of the program. Students of the university helped in demonstrating various asanas followed by Omkar chanting. Warm up exercises were taken and all the students and staffs performed sitting and standing asanas, importance of these were explained simultaneously. The celebration concluded with synchronized recitation of shlokas and speech by the instructor. He encouraged students to practice regular yoga to remain fit and improve concentration. Regular practice of yoga will surely help our students achieve a better life, physically, mentally and spiritually as well.

Report Seminar on Handling of Success and Failure.

Realizing the need for Handling Success and Failure Counseling Cell KGI conducted Seminar on 1st of April 2019. **Mr. Neil Vimal Kumar** was invited as resource person. Being unable to handle failure or indeed success can be damaging the students. To teach our students how to deal with both, counseling committee had conducted this seminar all the faculties and the students had participated. Dean Dr. Sarita Iyer asked coordinators to take care of the things for the smooth functioning of the event.

Speaker expressed that majority of people equate success almost entirely with external variables, not with their own inner growth. This makes them weak. Once success comes around, completely dependent upon the external variables that signify it. Instead of being able to sit back, relax, and enjoy the ride they often feel more pressure and anxiety. She explained how to overcome these problems.

Also, she motivated students by explaining how to overcome failure getting angry at you for messing up is a total waste of time. It serves no constructive value. It doesn't motivate you. It doesn't build your confidence and it certainly doesn't help you correct your mistakes. When you lose or otherwise fail keep in mind that within this disappointment, you'll find the secrets to your ultimate success.

Students and Faculty liked the session and felt its motivating.

FITNESS FACILITY-GYM 2018-2019

The Krupanidhi campus has a well equipped modern, sophisticated gymnasium. All the equipment has been imported from Italy. The students can use the gym after class hours. This is another hub of activity for the students as they get together to work out and maintain a healthy lifestyle. Yoga and meditation classes are held for interested students during the week. Special Yoga camps are held on weekends. The Institution ensures that its students are physically fit to face the challenges of day to day campus life. Students can use the gym at free of cost during the free hours with the help of the gym instructor

ONE DAY SEMINAR ON “WEB DESIGNING”

In today’s world, most of the day to day activities have become digital. Whether it could be a online shopping or online banking. To cope up with the changing scenario, learning web development has become an essential part of their learning for students. During the online transactions user experience is very important. The Front end design plays a vital role in user experience.

The department had organized a technical seminar on web designing by one of our alumni Mujahid of 2012 batch student. On 29th of August 2018 the seminar started with an introduction to web designing and technologies used for the same. Later the discussion took place about the evolvment of web designing. The talk was followed by the demonstration on web designing using HTML5, CSS3 and JavaScript.
