Dear Ms. Uzma,
Happy Morning !

Thank you for allowing us to present ourselves before your esteemed organization and discuss the need for Aptitude Training

A brief about your training needs has been shared with Roshan during his meeting with you and the Management.

To guide and provide right module of training that meets the industry needs and improve their employability skills, advise a 5 Days of Intensive Aptitude Training Program for better results.

We firmly believe that the knowledge shared in this training would help easing the transition of the students into the corporate world.

Cost per Hour would be 1450 /-

An overview of the program is shared along with the mail

Kindly revert with the dates for the training .

Regards
Jay Kumar

Prof . Winston is an eminent personality who carries himself as a gentle took the session to talk about the polite behaviour . He has set himself as an example for the students in his behaviour,communication and personality etc.,

Students took part with great energy as they're always interested to listen to sir who can inspire how to present themselves in a beautiful manner.

He called upon few students gave certain live example how to carry the behaviour and also gave certain tips how to change those behaviour into a proper one. Professionalism comes from being good in their communication skills,body language,dressing sense and the way to respon to our neighbours.

Sir also gave good tips to the students in carrying themselves especially when they're entering the corporate world and manners and discipline are very important to maintain such professionalism.

Dear All,

Greetings of the day..!!

We at Inlingua Bangalore would like to offer free online English, French, German and Spanish language training programs exclusively for your students. It is a proven fact that the knowledge of an additional foreign language adds value on the resume and many of our students have got jobs and promotions mainly because of the language skills. Almost all the companies these days have operations across the globe and they prefer that their employees can converse and connect with their counterparts in other countries easily.

Apart from career opportunities, learning a new language activates new neural pathways in the brain, increases IQ, improves memory and enhances decision making skills and sharpens the mind! These skills benefit students a lot and their academic performance in other subjects also improves.

Our classes will happen on an online platform which has a built in audio/video facility, white board, screen sharing etc. The classes will be conducted by an instructor who will be present during the video call and the classes will be very interactive.

We would be happy to provide the following programs completely free of cost.

Languages: French, German

Delivery mode: Online (Live Instructor led training)

Timings: 10am to 10:40am - French Language, 11am to 11:40am - German Language

Report on World Mental Health Day 2019

1 in 3 people around the world suffer from mental illnesses. The stereotypes of mental illnesses have clouded our minds into believing that mental illnesses are a taboo and it is not normal to have or to experience any kind of mental abnormality or illness in a world where each person tries to earn his or her best possible self. The session provided an opportunity to escape the stereotypes and help reach out to people falling in ditches of mental depression or mental illnesses.

The session was conducted by Mr. Rajesh Rao who enlightened the audience on how to help remove the darkness of stereotypes and misconceptions of mental illness from the minds of all individuals and to eradicate darkness and make the world alike. The basic theme of the event was to create awareness and advocacy against social stigma and to celebrate Global Mental Health Education.

The event was flagged off by the Dean, KSM, Dr. Sarita Iyer along with Prof. J P Tiwari by welcoming the guest and introducing her. The speaker showcased light on this year's World Mental Health Day theme, i.e. Suicide Prevention. The session was interesting and informative where all students gained more knowledge about mental health and the benefits of the various coping strategies to seek treatment for particular illness. The session included an interactive segment where the audience was free to pose their questions and queries.

The event was concluded with the vote of thanks proposed by Ms. Arya and the Master of Ceremony for the session was Ms. Shraddha

FITNESS FACILITY-GYM 2019-2020

The Krupanidhi campus has a well equipped modern, sophisticated gymnasium. All the equipment has been imported from Italy. The students can use the gym after class hours. This is another hub of activity for the students as they get together to work out and maintain a healthy lifestyle. Yoga and meditation classes are held for interested students during the week. Special Yoga camps are held on weekends. The Institution ensures that its students are physically fit to face the challenges of day to day campus life. Students can use the gym at free of cost during the free hours with the help of the gym instructor.

WORKSHOP ON ADVANCED EXCEL

The MBA organized a Workshop on 'Advanced Excel, on 27, February, 2020. The session started at 1:30 pm and ended at 04:00 pm. 131 students from MBA participated in the Workshop.

Objective:

The Workshop was organized with the aim of providing hands-on experience to the students, on analyzing raw data, using MS Excel tools.

Flow of the Session:

The Workshop was conducted by Mr. K. K Sengupta. He has specialized in Network Security, IOT and Intelligent Based Systems.

The event started with a welcome speech by Ms. Madhuri (MBA 4th Semester) and the Resource Speaker was introduced.

The Resource person started his session with a basic introduction to MS Excel. All the students came with laptops, and the Speaker had already shared data to their E-Mail IDs. With that data, he started explaining the concept of Pivot table. He also taught about Pivot table creation, displaying graphs from pivot tables, using filters to get the appropriate graphs, grouping data, single dimension comparison and two-dimension data comparison. These techniques were practically demonstrated by the Trainer, and the students were asked to create their own pivot tables using the data that had been shared with them.

The Speaker motivated the students to do all those process by themselves. He cleared all their doubts too, as and when required. Moreover ,he enlightened them about Character Separation, Conditional Formatting, Hyperlinking Page, Web Page, Document from IOT and own files-all these were shown practically to the students, after which they worked it out by themselves.

The session lasted for about 2.5 hours, and the students were very keen and enthusiastic. They enjoyed the entire session, as the Speaker interacted with them, and was kind enough to clear

all doubts in person, thereby ensuring that the whole session was conducted with all students on board about what was being taught.

The Workshop ended with the Vote of Thanks by Ms.Uzma (Placement).

Outcome of the Event

The Workshop was a great success, as the students enjoyed the entire session. More importantly, this program would help them immensely in their analytical study of both primary and secondary data collected, and in the easy tabulation, analysis and presentation of their data in their project reports.
